Capital / Building Fund

Funds are used to improve the physical Hospital and Clinic properties and to purchase equipment.

Community Memorial Hospital has served Northwest Ohio and Northeast Indiana since 1953. For 67 years, we have provided local access to quality healthcare for the residents in the communities that we serve.

We are a full service facility—offering both inpatient and outpatient care. CMH offers obstetrics, 24 hour emergency care, a comprehensive rehabilitation program, Open MRI, a variety of surgical options and many other healthcare services you may not expect to find in a facility of our size.

While we may be one of the smallest of the Northwest Ohio hospitals, our size has proven to be a tremendous asset in terms of operating efficiency and personalized care.

Community Memorial Hospital and the CMH Foundation are committed to the communities that we serve.
